

Our fruit agency has been founded in **1959** by **Adalbert Andergassen** and has evolved, over the years, into an **international nationally operating company**.

During these many years of activity we have always tried to act according **current market conditions** as well as to meet all of our **customer's needs and requests** with care and far-sightedness.

Our activity covers the **entire fruit and vegetable trade** with particular focus on **apples, pears, peaches, nectarines, kiwi, citrus fruits** and **table grapes**.

We do foster **excellent and long-lasting relations to reliable producers**, which, thanks to their know how as well as their **innovative cultivation methods** allow us to offer not only healthy, but also **top quality fruit and vegetables** at **fair and competitive prices**.

Our **fruit and vegetable producers** are subject to **strict production conditions** involving the choice of the production areas as well as that of the used crops. In addition to that, the respect of different natural measures ensures an ecological balance. The certification of our producers occur through **strict quality controls** and the **supervision of eventual residues of pesticides**.

Thanks to an **great cooperation with reliable transport companies**, we also offer an efficient logistic service. All of our products indeed, will be delivered on time to your destination.

We can count on a **competent and motivated team** which is familiar with the above mentioned guidelines and always know how to fulfil the guidelines.

TRUST US. WE HAVE OVER 50 YEARS OF PROVEN EXPERIENCE.
